WONDERROOTS KIDS

KITCHEN SCIENTIST LABORATORY

A quiet kitchen science adventure for little roots • Ages 2-6

01 SINK OR FLOAT?

Draw a line from each picture to your guess. Then test it in a bowl of water.

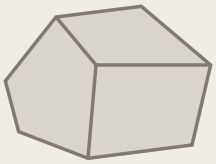

APPLE

○ FLOAT ○ SINK

I saw: ○ Float ○ Sink

HEAVY STONE

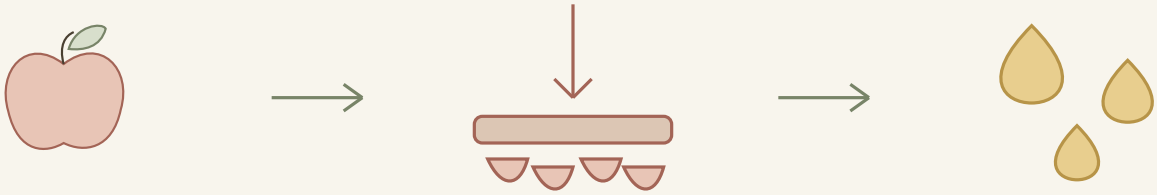

○ FLOAT ○ SINK

I saw: ○ Float ○ Sink

02 THE APPLE PRESS FORCE MAP

Follow the change: a grown-up crushes and presses apples to squeeze out juice.

1. Whole Apple **2. Push / Force** **3. Golden Cider Drops**

03 MY SLOW CIDER RECIPE

Check what you added. Let your grown-up prepare the warm apple drink.

○ **Cinnamon stick** ○ **Apple slices** ○ **Warm water**

My drink smells like: _____

Draw your cup or your ingredients:

_____

Grown-ups handle pressing and warm water. Let drinks cool before tasting.

Wash hands and apples before cooking. Supervise all kitchen activities.
